Healthcare Consultants

Lori Intravichit | CEO | Sunlit Cove Healthcare Consultants

Lori has more than 25 years of healthcare experience and extensive experience in healthcare administration in senior management roles within both provider and payer organizations. She is highly skilled in strategic planning, establishing priorities, motivating teams and the evaluation of needs assessment. Lori has advised clients in multiple healthcare industry segments, including insurance, providers, hospital revenue cycle, multiple and single facility projects, and legal contract dispute resolution. Leadership roles include: Director and Vice President of Operations, Manager of Provider Networks, Director of Utilization Review, Director of Provider Relations and Director of Hospital Payment Resolution.

ENSURING OUR CLIENTS RAPIDLY ACHIEVE THEIR FINANCIAL AND OPERATIONAL GOALS

Hospitals & Medical Practices

Hospitals and medical practices must keep pace with a constantly changing environment. Regulatory changes that negatively affect cash flow require healthcare organizations to do more with less. Effective outside assessment of all areas of revenue cycle management can be vital to your financial success! Affordable healthcare consulting is the answer.

Services:

Operations Management
Audit and Reconciliation
Process Improvement
Interim Management
Contract Management
Vendor Implementation and Analysis
Policy and Procedure Development and Implementation

Insurance & Health Plans

Insurance and Health Plans must keep pace with the ever-changing contracts and complex reimbursement environments. Our approach to a cost-effective outcome is an assessment of the operational areas. This includes provider contracting and computer programming; initial claims processing and appeal review through the final claims processing cycle. The communication between these operational areas is vital to timely accurate claims payment. We will help you create continual process improvements.
